

12 Days of Giving

at PSCC

3 Lives Forever Changed

Since 2003, PSCC has seen **thousands of patients**; patients with varying needs and diverse backgrounds; each one has their own unique story. We want to give you a glimpse of PSCC's impact:

*"Thank you so very much for your ministry to the working poor. My son visited your clinic on Thursday with a very painful tooth... He makes too much money to qualify for government help but too little to pay for dental work. Your (dentist) saw him and quickly extracted the tooth... **What a tremendous blessing!**" – Patient's Mother*

*"I was laid off from full time employment due to funding issues and in a moment my life turned upside down. I was introduced to PSCC and started receiving care at the clinic. **I'm very grateful to everyone for their care and support.**" – Medical Patient*

"THANK you THANK you THANK you. I can hear again!"
- Medical Patient

Give today, so that these stories can be multiplied!
